HARDY SAYS HALT

He Catches Wantland on the
State Street Payment.

GRADING OF CENTER STREET

All Sorts of Street Stands Must Go—A Fran-
chise for a New Gas Company—
General Business.

When the city council opened last evening
Chairman Lofthouse, in referring to the
"Mark" lantern proceedings of the day
previous, said it was his intention to have
a caucus of the members rather than a
special meeting of the council, and it was
because the city engineer had called his at-
tention to certain bad work on the State
street pavement, which information he de-
sired to impart to other members of the
body. There was some doubt in his mind
as to the power of the president to call a
special meeting of the council, but he would
let that pass for the present.

THAT STATE STREET PAVEMENT.
Hardly had the reading of the minutes of
the city council of June 21, and asked that
the report of the street committee on the
State street pavement be read. His request
was complied with, and he read as follows,
Wantland showing signs of nervous prostration as the reading
went on.

"Concerning the paving work on State
street, we report that investigation shows
that the work has been carefully watched
by the board of public works and the city
engineer, and that on sundry occasions the
city officials have condemned stone and
curbing and the same has been replaced by
the contractors. We believe that any at-
tempt to cast discredit upon the work is
unwarranted and we are assured that the
resolution was not offered by Mr. Hardy
with the intention of reflecting on the
quality of the work. We are satisfied that
the State street paving work is a great
credit to the city."

Hardly called attention to the fact that
there was a mistake in the report of the
committee, and in adopting the minutes as
they were read, the council virtually en-
dorsed the work. He, therefore, moved
that the report of the committee be referred
to the State Street pavement be
stricken from the minutes.

Folland seconded the motion.
Hardy said he understood that the paving
company intended to make a point in its
favor by referring to the report of the
street committee, and he made the motion
in the interest of the city and without any
allusion toward any member.

The chairman held that Hardy's motion
was out of order, but the matter might be
reconsidered in some other way.

Hardy moved a reconsideration of the
vote by which the minutes of June 21 were
adopted.

He said he should vote against the
reconsideration of the vote.

Wantland said he believed that (when
made the report) as he did now, that the
State street paving work was a credit
to the city. The report was put in al-
lay the fears of the property owners, who
had gained an erroneous idea that the
work was not done well. "When the re-
port was finished it would be all right."

Hardy said there was no doubt but that
the people who were paying for the pave-
ment were certain that it was not first
class, and that it did not compare with that
of other cities. It was all about to make
such assertions as had been made by Wantland.
The executive session of Monday, seemed
to him, to settle that question.

The motion to reconsider was adopted,
and the report taken from the files and
referred back to the city engineer.

TO GRADE CENTER STREET.
The Salt Lake City railroad company
asked that the grading of Center street be
established. Referred.

DR. RICHARD'S MEDICINE.
Dr. Joseph S. Richards tendered his res-
ignation as a member of the Salt Lake City
board of health. Accepted.

IN A BAD CONDITION.
F. H. Auerbach and others asked that
certain portions of North Temple street be
put in possible condition.

FOR A BRIDGE.
W. Langston and others asked for a foot
bridge across the canal on Eighth West
street. Referred.

TO GRADE OAK STREET.
Torkel E. Torkelson and others asked
that Oak street be graded, as the present
condition of that thoroughfare is detri-
mental to property, business and con-
vention to the extension of water mains.

TO INCREASE THE CAPACITY.
The Mountain Ice and Cold Storage com-
pany asked to be allowed to put in a large
pipe. Referred.

REFERRED TO WATER RIGHTS.
F. Auerbach & Co. sent in a query in
reference to certain water rights to the
Wheeler homestead. Referred.

HORSES FOR THE FIRE DEPARTMENT.
Fire Chief Stanton asked an appropriation
of \$400 to purchase a pair of horses
for the engine on the west side. Referred.

THE ENGINEER AND ATTORNEY TO SETTLE IT.
The committee on streets recommended
that the difficulty between the railway
and telephone companies be referred to
the city engineer and city attorney for con-
sideration.

IF THEY PAY FOR IT.
The pollution of property owners on State
street asking for opening to private alleys
between the city and the railroad property
owners over the entire expense.

FIRST WEST TO BE REPAIRED.
C. W. Higgins' request for repairs on
First West street was granted.

ANOTHER FRANCHISE.
The committee on streets presented an
ordinance granting a franchise to the New
American Gas and Fuel company.

ALL STANDS MUST GO.
The committee on streets recommended
that all flower, vegetable, fruit and other
stands be removed from the street as soon
as the permission granted the owners ex-
pires. Adopted.

A LIQUOR LICENSE REVOKED.
The committee on license recommended
that the license of John L. Sullivan's sal-
oon, on the corner of First South and
Fourth West streets, be revoked. Evans-
I move that the report be adopted.

Folland seconded the motion.
Here was to know whether the council
had the power to revoke a license. The
attorney assured him that it had, when the
report was adopted, and the question of

THE NEW GAS ORDINANCE.

The ordinance granting privileges to the
New American Gas company was then
taken up. It provides that the company
shall never charge to exceed 40 cents per
1,000 cubic feet for gas furnished to the
residents of the city, reserving the right to
reduce the said price to 30 cents per 1,000
cubic feet after the expiration of four
years. The company is granted the use of
all streets, avenues and alleys in Salt Lake
city.

Lawson moved that the ordinance be
passed under a suspension of the rules, as
there was a man in the city now who was
willing to spend his good money in the
enterprise of laying natural gas mains in
this city, and the speaker said there was
no one thing that could happen in this city
that would do so much good as the intro-
duction of natural gas, as a great deal of
work would be given to idle men who were
out on the streets.

Wantland spoke in the same strain, and
said to pass the ordinance through tonight
would show that we were abreast of the
times.

Folland was opposed to rushing an ordi-
nance through on the same day as it was
presented.

Rich said he understood that the direc-
tors of the new company hadn't even held a
meeting yet, therefore, he saw no reason
to rush the franchise through. He did not
intend to defeat the ordinance, but he
should claim the right to have it go over
for one week.

Folland moved that the ordinance be
read the second time by title and that he
be referred to the committee on municipal law.
This was defeated when Rich claimed
the right to have it go over for one week
under the rules.

THE FIGHT IS NOW ON

Baskin as Judge, Prosecutor and
Jury.

THE MAYOR MASHED ON THE CHIEF

He Is Arrogant Towards the Members of the
Council Who Give Evidence
Against Janney.

A Herald reporter climbed the city
hall stairs a few minutes before 2 o'clock
yesterday afternoon, and wandered into
the council chamber, where he found
Mayor Baskin, and asked him if that was
the room in which the police investigation
was to be held.

"Yes, sir, if the witnesses appear," the
mayor affably replied.

The Herald man took a seat.
"Are you one of the witnesses?" said the
mayor, looking over his glasses.

"No, sir; I am a reporter."

"Ahem! I am not going to allow any re-
porters in here."

"Isn't this to be an investigation of
public officials by public officials in a public
room?" he asked.

FOR HIS OWN INFORMATION.
"I am conducting the investigation for
my own information. I don't intend to al-
low the newspapers to instruct me as to
my duty."

The mayor went on to say that he had
received no official notification of any of
the misdoings of "these men," and that a
man who was not in the city should have
an opportunity to defend himself, and he
didn't like the tenor of either The
Herald or the Tribune.

"Didn't you see the affidavits sworn to
by Grace Holman before Commissioner
Norrell regarding one Sharp, a watchman
on Franklin avenue?" asked the reporter.

"No, I did not."

"Do you read The Herald?"

"And you say you didn't see the affi-
davit printed in The Herald?"

THE MAYOR GETS ANGRY.
"I don't propose to be catenched by
you!" sharply replied the mayor. "I told
you I didn't see them."

The reporter said that he represented
the public press, and should be allowed to
hear the testimony, but the mayor would
not let him. The reporter said that he
understood that the newspapers could
not run him out of the city, and he
didn't like the tenor of either The
Herald or the Tribune.
